Re: Jet Delivery Systems Rate Changes Tariff 200  
Letter originally published and sent on 2/24/03

Dear Valued Customers,

In order to continue the value-added level of service you expect from Jet Delivery Systems, the published rates for our overnight LTL service are increasing effective May 1, 2003. This rate increase is driven by the increasing costs of insurance, security and worker's compensation. Beyond route service "Areas D-F" are now being assessed with Terminal-to-Door rate structures. Door-to-Door LTL freight rates are inclusive to all A-C Metropolitan regions in: San Francisco, CA; Seattle, WA; and Portland, OR.

You can view the new tariff at [www.JetDeliverySystems.com](http://www.JetDeliverySystems.com)

Thank you for using Jet Delivery Systems.

Sincerely,

Craig L. Johnson  
General Manager

CLJ:mkd

Encl: Tariff 200 (Effective May 1, 2003)
